

PROFESSIONAL DEVELOPMENT • SUMMER 2026

AI for High School Teachers

A 3-week online course preparing Iowa educators to bring Artificial Intelligence into their classrooms with confidence.

DATES

Jul 20 – Aug 7, 2026

FORMAT

Online Async

TIME

6–8 hrs / week

CREDENTIAL

CS ISU Certificate

TAKE HOME

Ready-to-use AI assignment templates you can deploy in your classroom this fall

WHY NOW

Iowa's AI classroom shift is here. Are you ready to teach it?

01**Pending Legislation**

Iowa bills HSB 610, HF 2540, SF 2094 would require CS & AI coursework for the class of 2030-31+.

02**Federal Priority**

The 2025 Executive Order on AI Education makes teacher AI training a national priority.

03**Ready-to-Use Templates**

Leave with classroom-ready AI assignment templates, lesson plans, and rubrics you can deploy on day one this fall.

THE 3-WEEK JOURNEY

What You'll Learn

WEEK 1

Jul 20–24

AI Foundations

- ▶ What AI is (and isn't)
- ▶ Machine Learning basics
- ▶ Google AI Studio hands-on
- ▶ Build your first AI "Gem"
- ▶ Study guides with AI

WEEK 2

Jul 27–31

Generative AI & Tools

- ▶ Prompt engineering for teachers
- ▶ ChatGPT, Claude, Gemini
- ▶ Coding with AI (Claude Code, Codex, Gemini)
- ▶ Local LLMs with LMStudio
- ▶ Teachable Machine projects
- ▶ Workflow automation (n8n)

WEEK 3

Aug 3–7

Ethics & Your Classroom

- ▶ AI ethics, bias & privacy
- ▶ Iowa policy & legislation
- ▶ Education AI tools landscape
- ▶ Capstone: 3-lesson AI unit
- ▶ Certificate from CS Dept., Iowa State Univ.

YOUR INSTRUCTOR**Adisak Sukul**

Teaching Professor • ISU Department of Computer Science

Instructor for Applied AI, Data Science & Computer Science courses. Brings the hands-on, project-based approach from Applied AI courses and various AI Bootcamps and Workshops—redesigned specifically for high school educators.
